

Water Restrictions

Irrigation Restriction Watering Plan

We are all so relieved by the recent rain and snow!

The moisture will certainly help us through the conservation restrictions that we are implementing. Expect to see a doorhanger from RFWSD to further notify the community about this first step of voluntary watering restrictions.

Roaring Fork Water and Sanitation District is requesting all customers to implement voluntary lawn watering restrictions. A prolonged drought combined with overuse may require mandatory restrictions to ensure **domestic needs and potential wildfire fire safety are not compromised**. We prefer to avoid this step. Careful water use and any moisture we receive will help, but without immediate cooperation, enforced limits may be required. The District will continue to monitor environmental conditions and water supply. Our District has great water sources with 5 producing wells. However, we have a responsibility to conserve this valuable resource. We ask those customers who irrigate from the raw water ditch system to also follow these voluntary restrictions and **conserve the water supply**.

ODD Street Address Number:

Sunday – Wednesday – Friday

EVEN Street Address Number:

Tuesday – Thursday – Saturday

NO watering on Monday

NO watering from 10 a.m. to 6 p.m.

Use a rainfall sensor – If you don't have one, add it – If you have it, make sure it is functioning
